The Textile Institute

The Textile Institute is a unique organisation in textiles, clothing and footwear. It was incorporated in England by a Royal Charter granted in 1925 and is a registered charity. The Institute has individual and corporate members in up to 80 countries, the membership covers all sectors and all disciplines in textiles, clothing and footwear. Within the global textiles, clothing and footwear industries the aim of the Institute is to facilitate learning, to recognise achievement, to reward excellence and to disseminate information.

The Course

This intensive training short course is organised for the benefit of all those who are engaged in the manufacture, research and development as well as the commercial aspects of textile business. The course will cover the fibres, yarns and fabrics used in textile products for apparel, household and technical textiles applications as core modules.

The third day will offer two specialist modules from our range. Based on the feedback we have received the two most requested modules will be chosen.

On this occasion these will be: Dyeing and Finishing & Testing and Analysis.

Course Director:

Professor Subhash Anand MBE CText FTI MSc PhD AMCST

Course Organiser:

Emma Scott, Professional Affairs Manager

18, 19 & 20 October 2010 – Manchester

Programme

Each morning

8.30 am Registration and Coffee

The Venue

The Rusko Suite, St James' Buildings, situated on Oxford Street in Manchester and within easy walking distance of all major railway stations and also within easy reach of Manchester Airport. The buildings are also the international headquarters of The Textile Institute. There is a range of accommodation situated nearby to suit all budgets. Please contact us for a complete list.

Our Trainers

Dr Subbiyan Rajendran CText FTI

'Raj' is a distinguished research scientist and has earned worldwide recognition in healthcare and medical textiles research. He has 28 years of research experience and has published 121 research papers that include 9 books and 6 patents. Details of his publications can be seen at www.bolton.ac.uk/staff/sr2/. He is a Fellow of The Textile Institute and a member of Council and Diplomas Committee.

Mr Trevor Rowe BSc (Textile Technology)

Trevor currently works as a Senior Lecturer in Textile Technology at the University of Bolton. He has organised and delivered short courses in various aspects of textiles over the last 20 years. He also regularly lectures in many countries around the world and work as a consultant to the textile industry.

Dr Kim Gandhi CText FTI FRSA FTA MCFI

Kim worked at the University of Huddersfield as Head of Research and Deputy Course Leader in weaving technology and textile design. He has organised and delivered short courses for nearly 20 years. Currently he works as a consultant within the textile industry and is also a visiting professor.

Prof Subhash Anand MBE CText FTI MSc PhD AMCST

Subhash is Professor of Technical Textiles at the University of Bolton. He has organised and conducted short courses in various areas of textiles over the last 30 years. He also works as a consultant to many textile companies across the world including Baltex Ltd, Lantor UK Ltd, Nylatex, Tytex A/S and Bhilwara Group.

Prof Derek McKelvey CText FTI

Derek has worked in industry as the Head of Dyeing and Finishing for Marks and Spencer. During this time he developed and introduced the first retailer environmental code of practice and many new product developments which even today are still corner stones within the industry. His passion is product and process developments reducing the valuable resources of chemicals energy and water. Derek now runs his own consultancy Deltecint Ltd and sits on various educational bodies for example, The TI, SDC and the RITE GROUP.

Mrs Christine Wilkinson CText ATI MPhil

Christine was a Principal Lecturer and Acting Head of Department at Huddersfield Polytechnic, lecturing in Design and Engineering of Textile Products and Testing. More lately she has prepared and taught on the Textile Training Network's Short Course programme at Leeds University.
