North India Section of Textile Institute Manchester NISTI (Regd.)

presents a talk on

# “Technical Textiles: Quo Vadis”

by

He is credited with creating Technical Textiles revolution in India, which played a vital role in becoming self-reliant in developing PPE products during Covid-19.

His research has resulted in commercial products such as FibreTect decontamination wipe and cotton-based oil absorbent wipes.

Date: 7 August 2022

Time: 5:00 PM

Dr. Seshdari Ramkumar

Professor

Nonwovens & Advanced Materials Laboratory

Texas Tech University, TX, USA
